

Princeton Agility Presents

TWO AGILITY WORKSHOPS
with Diane Goodspeed
in Titusville, NJ on Thursday, June 10th 2010
and Thursday, June 17th 2010

Top agility competitor **Diane Goodspeed** is presenting two agility workshops in June. This is your opportunity to improve your understanding and handling of front and rear crosses. Whether you are seeking to improve your time, motivate your dog, or learn more about running your dog on the most efficient line these seminars offer you a serious competitive edge by improving your understanding of the mechanics of the front and rear cross!

Front-Cross Workshop – June 10th 2010	Rear-Cross Workshop – June 17th 2010
Do you ever rotate out of a front-cross late? Does your dog know where to go after you front-cross? Have your feet gotten stuck in the turn? Do you agonize over every front-cross? Is a front-cross aiding your dog or slowing him down? Well executed front crosses can eliminate off-courses and keep your dog moving on a clean, straight line. A well placed front can also motivate your dog to keep moving through a technical sequence. In this seminar, Diane will go in-depth on when to use a front-cross and when to avoid one. She will break down the execution of front-crosses into logical steps that can be applied to any sequence or course. The exercises and information are for anyone who wants to tighten up turns, gain confidence in executing a front-cross, or expand their understanding of how a front-cross can help their dog flow through the course. The two-hour session will be a combination of lecture, sequencing, and drills for future improvement.	When should you rear-cross? What commands do you use to cue your dog to a rear-cross? Does your dog know how tight a turn to make when you cue a rear-cross? Are you setting a line or simply switching sides? A rear-cross can keep your dog striding smoothly through a sequence and can keep a dog and handler in-sync even at a distance. When a dog understands the various types of rear-crosses, no course is difficult. In this seminar, Diane will break down the execution of rear-crosses into logical steps. She will explain the various types of rear-crosses and help the students determine their cues and commands for each. This seminar is for anyone who wants to gain confidence in executing a rear-cross in any situation or expand their understanding of how to teach rear-crosses to their dog. The two-hour session will be a combination of lecture, sequencing, and drills for future improvement.
Details: Workshop runs from 7:00-9:00 and is \$65/person with a limit of 6 working teams. Unlimited auditors for \$35/hr. Sequences are mostly jumps & tunnels. PRINCETON DOG TRAINING CLUB, INC.
AGREEMENT TO HOLD HARMLESS WAIVER AND ASSUMPTION OF RISK

I understand that attendance of a dog agility training class is not without risk to myself, members of my family or guests who may attend, or to my dog even when dogs are handled with the greatest of care.

I hereby waive and release The Princeton Dog Training Club, Inc., (hereafter called the Club), its employees, officers, members and agents from any and all liability of any nature, for injury or damage which I or my dog may suffer, including specifically, but without limitation, any injury or damage resulting from the actions of any dog, and I expressly assume the risk of such damage or any other functions, of the club, or while on the training grounds or the surrounding area thereto.

In consideration of and as inducement to the acceptance of my application for training by the Club, I hereby agree to indemnify and hold harmless this Club, its employees, officers, members, and agents from any and all claims or claims by any member of my family or any other person accompanying me to any training session or functions of the Club, or while on the grounds or the surrounding area thereto as a result of any action by a dog, including my own.

I further agree that the Club is not responsible for any losses that may occur while I or my family or any guests attend any function of the Club. I further acknowledge that the Princeton Dog Training Club, Inc. has adopted a training policy (specifically referring to handling of dogs that bite or attempt to bite).

The instructor and/or the Club reserve the right to dismiss from class any handler or dog whom, in the instructor's and/or the Club's opinion exhibits inappropriate behavior.

I, the undersigned, have read the above and do understand this release form and assumption of risk involved.
